- **Guests/Introductions:** self-introductions from 16 attendees including on zoom

- **Guest Speaker/Program: Jason Hunter Principal Timberline School**
  Mr. Hunter presented information and updates with a flyer to take home. He thanked the Innovia Foundation for the grant that helped initiate the "Leader in Me" program at Timberline. The State of Idaho is looking at implementing this program due to the success it is having. "Student leadership emphasis is foundational", says Mr. Hunter. Career guidance, college field trips, industry career trips, local career fairs and financial literacy are some areas of focus. Recent improvements included a building addition to house 4th and 5th grades, instead of portable buildings, intervention rooms and CTE Expansion with trades education through grant funding. They also host a HERO assembly for elementary grades. The Timberline Alumni Foundation has provided scholarships, academic mini grants, athletic support, AEDs, teacher appreciation and much more. You can learn more from the school website and facebook page.
